

## Greens Inspector's Course/Information

Bowls Victoria have conducted several Greens Inspector's Courses around the metropolitan area and are now spreading out to the country Regions. These have been well attended with some 80 plus receiving accreditations. A course in the Geelong Bowls Region will be held at Torquay Bowls Club, Friday 21<sup>st</sup> February, 2020.

The GBR Board endorsed this activity at our December Board meeting and from the course information provided this session would be of great advantage to Club Umpires and also Club Greens directors and Greens maintenance people or other Club Members if you wish. It is the GBR board's feeling this activity will enhance the knowledge of our members within our Region and strongly suggest each Club make an effort to provide at least one member to attend.

Tea and coffee will be available however it is BYO lunch. As you would be aware Torquay Bowls Club have provision for attendees to purchase lunches from their caterers if they chose

Commencing at 10.00am the first section will cover the Laws applicable to greens; 1 ½ hours.

This would be followed by ½ hour Lunch.

After lunch, there will be a practical session on the greens for about 1 ½ hours.

For those attending who wish to become accredited Greens Inspectors a written exam would follow.

This normally takes 45 minutes to complete.

Final RSVP date and confirmed numbers required by Friday 14<sup>th</sup> Feb.

Kind Regards,  
Jim Millar  
GBR Secretary
